## Local Teachers at Education Meeting

The 96th annual meeting of the Illinois Education association being held in the Sherman hotel in Chicago this week, is being attended by Mrs. Hilda Guether, Mokena, Home Economics teacher in the Orland Park Community high school and by Mrs. Eloise B. Kessler, Tinley Park, teacher at Arbor Forest school near Oak Forest.

The officers of the Association report that this is one of the most important meetings in their long history. This is due because of the many problems of school finance, reorganization, school buildings, and changing needs of the curriculum.

Mr. Pearson, secretary, called attention to the fact that with few exceptions, there has been little done to provide adequate school buildings since the beginning of World War II. There has been a sustained increase in the birth rate. He mentioned further that the resulting increased enrollments together with the need for normal teacher replacements, has caused an acute shortage of elementary teachers particularly.

## To Show New Chevrolets Jan. 7

A new series of Chevrolet passenger cars, reportedly one of the most important ever developed by the company, will be unveiled, Saturday, January 7.

W. E. Fish, general sales manager, made the announcement today as some 7,000 Chevrolet dealers across the country began preparations for elaborate showroom presentations.

"One of the secrets of Chevrolet's highly successful merchandising has been the enthusiasm which dealers have been able to build up at these first showings of a new model," said Fish.

"In some communities the event has become almost a public holiday. Dealer establishments are at their sparkling best. Great pains are taken for striking decorative effects. Car models are selected with unusual eye appeal. Special attractions are frequently part of the program."

"With it all the public has come to expect something unique in automotive progress. This year will be no exception. We are introducing an advance that has been a subject of research and test throughout the postwar period. The cars carry a development that we believe will have a revolutionary influence on automobiles of the future."

The 1950 car will make its appearance following Chevrolet's most successful year. Fish said retail passenger car sales in 1949 would top 1,000,000 units while truck sales of 350,000 would set a new all-time record for the industry.

## Salvation Army Gave Cheer to Many

For more than 19,000 patients and inmates in Chicago area medical and detention institutions, the holiday season was brightened by visits and gifts from The Salvation Army's League of Mercy.

Beginning the second week in December and continuing until Christmas, members of the League visited the municipal tuberculosis sanitarium and its North Riverside division, Downey, McIntyre, Hines, Vaughn and Marine veterans' hospitals, Cook county hospital and its tuberculosis unit, Oak Forest Insular, including the tuberculosis division, Bethany, Norwood Park, and Swedish Society Old Peoples homes, Salvation Army Convalescent hospital and Emergency lodge, Marteno and Dunning state hospitals, Forty and Eight Veterans' Convalescent hospital, Illinois Research hospital, Bridewell, Juvenile Detention home and Cook county jail.

Included among the gifts were nearly 6,000 pounds of candy, 21 boxes of apples, 64 crates of oranges, 220 dozen doughnuts, as well as quantities of cup cakes, ice cream and coffee. Dolls, books, puzzles and other toys were given to the youngsters, and leather card cases, flashlights, stationery, pens, t-shirts, socks and shave sets were given to the adults.

The League of Mercy, organized soon after the founding of The Salvation Army, is composed principally of the wives of Salvation Army officers in the Territorial Headquarters and retired Salvation Army officers in the Chicago area. Since the women officers at headquarters have definite permanent assignments, the work they do in connection with the League of Mercy is an extra job which they take on in their constant efforts to minister to the less fortunate.

Mrs. Commissioner Norman S. Marshall, wife of the Army's Central Territorial Commander, is head of the organization, with Mrs. Colonel Edwin Clayton as Territorial secretary of the League for Chicago, and her assistant is Major Agnes Lewis.

A fairly large plot has been set aside for a community park. It contains the flowing spring that is well known by older citizens of the section.

Mr. George A. Kwasniak is the selling manager of the land and he is on the grounds where an office building is erected, most every day.

## Frankfort People In Auto Accident

Local people figured in an auto accident in Frankfort Friday afternoon, December 23 about 4:30 in the afternoon.

Going east on the concrete road near the Henry Mark residence, was Eugene Bogdan, driving a panel truck loaded with dressed chickens, on the way to the Chicago market. In his 1949 Chevrolet car, Marvin Weitendorf and his sister, Mrs. Lois Ebert, were driving west. There was a car in front of them which turned left at the same corner they intended to turn left. As Weitendorf did so, the Bogdan truck was approaching, and because of the icy roads, neither seemed to be able to stop, thus causing the accident.

Weitendorf received quite a bad cut on his chin which required six stitches to close the wound. He was taken to the Hedges clinic. Mrs. Ebert and Bogdan were not injured. The Chevrolet car was badly damaged. Bogdan drove his truck home and the next morning took the chickens into Chicago.

Both cars are covered by insurance.

The day Mokena's kiddies waited for a long time finally arrived last Friday night when the first Mokena Community Christmas tree in a few years was lighted in all its splendor.

The tree was made possible by the Mokena Civic association with George Kreml acting as general chairman. Later at a Mokena Business Men's association meeting the business men voted to furnish the candy and fruit bags for Santa Claus to distribute to the kiddies.

Although the night was cold, a crowd of young and older folks started forming as early as 7:30, with the program scheduled to start an hour later.

Then around the corner came Santa Claus, having tied his reindeer in the woods north of the village because, he said, they were afraid of automobiles—and a whoop went up from the young people gathered at the tree.

After greeting everyone individually old Santa started passing out the bags of goodies, and some of the old folks got some too. He led the children in singing Christmas songs, their little faces shining up at him.

Perhaps the men who did the most noticeable work on the tree were Walter Schoeneck and John Schaub, who placed the lights on the community tree, while others wrapped "dummy" packages for further trimming.

All in all, it was a grand success with the two associations sponsoring the event cooperating to the fullest extent.

Much credit should also be given to Clinton Kraus for portraying the main role so excellently.

May we have another community Christmas tree in 1950.

## Mrs. F. D. R. Retracts Attack on Dr. Maier

Asserts Statement Concerning  
Lutheran Hour Speaker Was  
Erroneous.

Mrs. Eleanor Roosevelt, in her newspaper column, "My Day," retracts a statement she made in her column two months ago in which she asserted that the Rev. Walter A. Maier of St. Louis (speaker on the Lutheran Hour radio broadcast) was a "fanatic fundamentalist who shortly before V-E Day was still insisting that the Germans were a bulwark against Communism."

In her retraction Mrs. Roosevelt states:

"I have been asked to correct an impression created by a column I wrote back on September 9. Some of the material furnished me lead me to believe that Dr. Walter A. Maier was closely connected with Lawrence Bell, and Gerald Winrod and others and that he supported the Nazis as the bulwark against Communism until near the close of World War II.

"It appears that this was entirely erroneous information, or rather that I misread the information. "Some of Dr. Maier's articles were accepted and carried in Mr. Reilly's publication, but that did not in any way constitute a connection between the two men or a similarity in their attitudes and beliefs. One of his friends who feels strongly that I have done him an injustice has asked me to state that I made this mistake, and I am more than glad to do so.

"I was primarily trying to find out whether an organization called the Lutheran Research Society, in which Mr. Reilly seems to be a moving figure, was really backed by the United Lutheran Church in America. I found it had no connection with that Church and the name was being used purely to give a religious flavor to Mr. Reilly's strange writings and activities.

"This part of what I said remains entirely valid. Dr. Maier is a radio preacher on the Lutheran Hour. Any misunderstanding of his position might hurt his spiritual leadership."

Commenting on the retraction, Dr. Maier stated:

"Needless to say, I am deeply grateful for Mrs. Roosevelt's retraction. Her statement is a vindication of a policy which I have conscientiously endeavored to pursue since the beginning of our Lutheran Hour broadcast. Personally I communicated with Mrs. Roosevelt only once after the false attack appeared, and I am highly thankful for the thousands of friends, and the many newspapers throughout the country which wrote in protest both against Mrs. Roosevelt's patently unfounded charges. I know personally that, as Mrs. Roosevelt admitted, she was ill advised. I presume, too, that with this retraction Mrs. Roosevelt's charges that I am somewhat of a fanatic fundamentalist also drops. Now that the

## LETTERS TO THE EDITOR

We have been requested by a Joliet reader to run the following sermon as delivered by the pastor of the Richard Street Methodist church recently.

## GOD'S BEST GIFT

By Rev. Robt. A. Mulligan

There are many gifts that we could all enumerate that God has given us. We have recently come through our thanksgiving season, and many of us throw out the great gifts God permitted us to have throughout this past year.

We could go on and say that we have thanksgiving in our hearts for the wonderful powers of our body, this intricate machinery that God has given us. Wonderfully and fearfully made we are. We could thank God for the kingdom of the mind, the powers of the intellect, the energies of the spirit.

We could list a multitude of material blessings of the outer world—the sunshine, the seasons that come and go, the beauty all around us if we have eyes to see it.

God has given us a great book—the Bible; He has given us great men—the prophets, the apostles, the leaders—right up to our present day. God has gone farther than that. He has given us the greatest gift, the best gift, the gift of His son; and, as the Bible says, "Unto us a child is born." That is the human side. "Unto us a son is given." That is the divine side.

Why did God offer us such a valuable gift? The only answer we can give is: Because God loved us and all the world. That is why He has given us this gift.

At one of our mission stations they were having a celebration for the missionary. He had given his life for 25 years in China, and the cook prepared a wonderful meal for that anniversary dinner—a beautiful, delicious cake right on the center of the table, all lighted with 25 candles and inscribed with a word from Confucius. The word was: "Through the ages, one thought."

The missionary read that quotation from Confucius, and then he said: "That is true."

Through the ages, one thought; and that thought is God's love for people. Through the ages there has run this thought of God: How He would reach us! How He could get into our life!

We can see God in the sunshine; we can see Him in the flowers; we can see Him in the lovely acts of devotion and sacrifice of our friends but, some how or other, God never gets really close to us, and in us, until we see Him in His son.

God loves us and all the world. That means that He cares for the Americans who live in America; for the Russians who live behind the iron curtain; for the inhabitants of the isles of the sea; for the rich and the poor. His love encompasses all the world.

At this Christmas season we should remind ourselves that God loves all the people of the world; and, even though we may justly say that America does have the finest system, that we here in our country have developed a way of life that is superior to everybody else's, let us not fall into the trap of thinking that God loves us better than He loves other people.

He sent His son to show His love for all the world, and at this Christmas season we need to have our horizons lifted and our visions widened, until we are able to say, with God, that we too, love all of His children, and that we will purge from our hearts every bit of ignorant prejudice that would blind us to the need of God's children.

Why did God give us such a valuable gift? He gave us this magnificent gift of His son because He wanted to save us.

They tell the story of one of the speech-makers in ancient Athens. This Athenian was running for office. He was speaking on the street corner, and he made great promises of what he would do when he was placed in office. His opponent was in the crowd, and, when this

speech-maker finished telling all of his promises, the crowd looked to the opponent to see what he would say.

This other man, who was a real statesman, said, "All that my opponent has promised, I will do."

I think that is the shortest political speech on record.

I have often thought of the false promises that we receive from the world. The promise of happiness! My, how we will spend our time and our energies and our wealth for happiness, and then discover that it is a false promise.

How we will run after prestige and give all that we have for that recognition, and then find it is very empty indeed; but our Lord comes to us and says, "All that the world has falsely promised you, I will do," and He does it by getting to the heart of the matter.

I heard of a person who went to a psychiatrist and told the psychiatrist that he was troubled with a guilty conscience. The psychiatrist said, "If you will stop your wrong doing, your conscience won't hurt you." "Oh," said the young person, "I don't want to stop my wrong doing. I want you to give me something to quiet my conscience."

Well, that is the way many of us feel. We would rather have a quiet conscience than to sacrifice and please God.

Our Lord comes to us in this dearest and greatest gift, to save us from our sins—the sins that lead to frustration, that lead to pettiness, to immaturity, to hatreds, to boredom—the sins that take all the meaning out of life.

One of the prophets said, "Suppose you offer unto God rivers of oil, suppose you take thousands of cattle and offer them all to God. What does it mean if your hands are soiled with immorality and your heart is darkened by wickedness?"

If, at this Christmas season, we receive the dearest and best gift of God, His son, into our hearts and lives, and begin to see things thru the eyes of Christ, then the world becomes a different place, and our home becomes a different place, because we become different people.

**W. B. Carroll DuPage**  
**Attorney Candidate**  
**State Representative**

Walter B. Carroll, prominent DuPage County Attorney announces his candidacy for the Republican nomination for State Representative from the 41st District of Illinois, comprising the Counties of Will and DuPage.

He has been a resident of DuPage County for the past twenty-five years with the exception of five years' service in the United States Navy during the last war.

His service consisted of Naval Intelligence work and combat service in both the Atlantic and Pacific theatres of war as a commissioned officer. He has been very active in the legal profession in Westmont since his return from the service and has participated in civic and veteran affairs. For sometime past he has been a member of the County Board, representing Downers Grove Township.

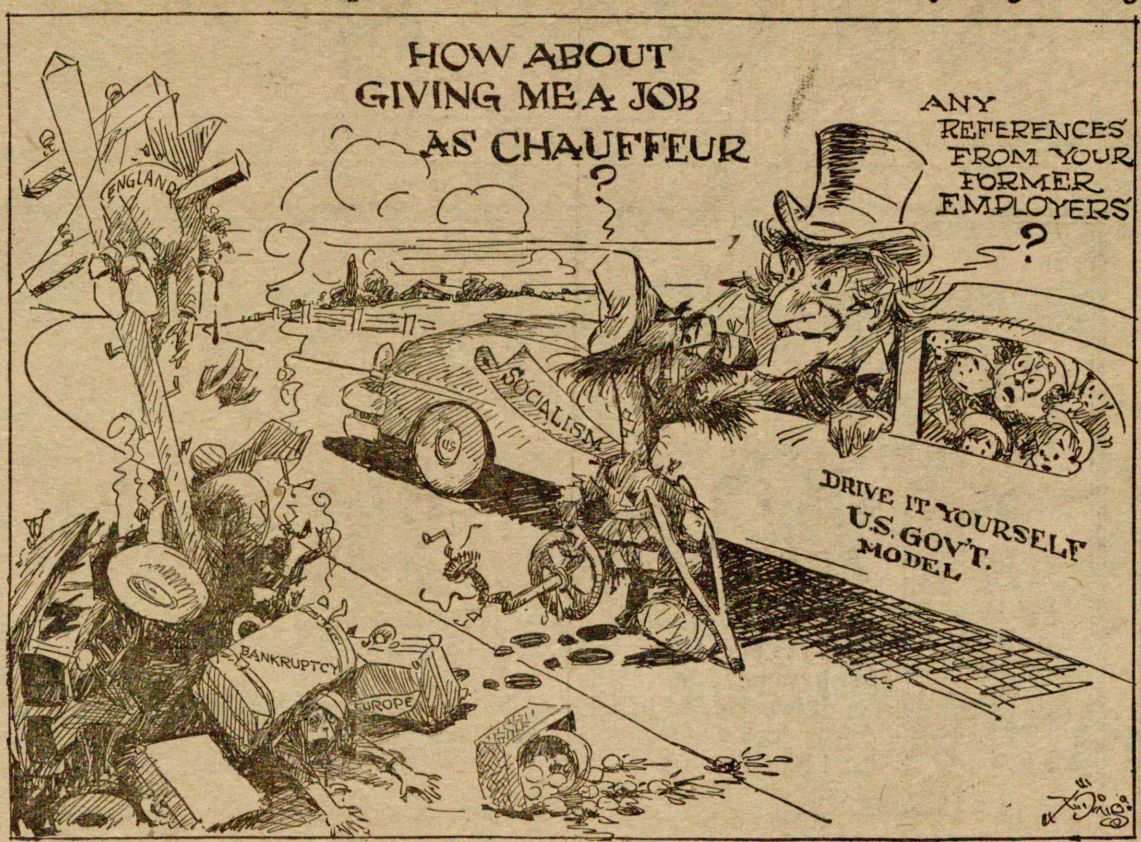

His educational background has ably fitted him for the important legislative position to which he aspires. A graduate of Hinsdale Township high school and the recipient of both B.A. and L.L.B. Degrees at the University of Illinois. He was honored by being elected President of the Senior class at the University. This high esteem held for him by his fellow classmates was truly a great distinction, as there were several thousand members of that particular class. His contact with municipal, county and school affairs has made him an ardent supporter of keeping government close to the people. He sincerely believes that public funds can and should be fairly distributed amongst the various political subdivisions of the State. He knows the problems of the working man and women, and by virtue of the fact that he has been one of them during his educational period, he will be able to serve their best interests.

He is a member of the DuPage County Bar Association, Downers Grove Lodge No. 1535 of the Loyal Order of Moose, Westmont Post No. 9267 Veterans of Foreign Wars, and the Westmont Post of the American Legion. Being a veteran of World War II will enable him to serve this important segment of our people in a fair and impartial manner.

He has stated on more than one occasion that the chief problem of Illinois is the matter of taxation. Its solution does not necessarily mean an increase of taxes, but rather a fair distribution of tax dollars received and most certainly, that the taxpayer receive a dollar in value for every dollar of tax paid.

## Just Ask the People He Worked For

By Ding Darling

**NO REFERENCES—HE JUST KNOWS HE'S WONDERFUL**  
**By DON HEROLD**

The seedy looking gent in the above picture has complete confidence in himself.

He just loves to drive cars—other people's cars.

If he wrecks the cars, his faith in himself is unshaken. It was the car's fault—not his, he says.

He'll try anything—at your expense.

And it's strange that a great many Americans want to give this

screwball a chance at our steering wheel, instead of depending on our own American kind of "do-it-yourself" driving which has got so far along the road of economic soundness.

Some of us love Russian theories and English theories and French theories—when we wouldn't for a minute settle for Russian or English or French realities.

Seems to me we ought to ask not "How pretty is the dream?" but "What do we get for our work?" In Russia today you get

a pair of women's everyday shoes for \$52, in England for \$12.09, in the U.S.A. for \$8.95. For an hour's work in Russia you get 1/3rd of a quart of milk, in England, three quarts, in the U.S.A., six quarts.

One of the first things socialists would like to take over (but gradually, of course) is the power industries of America. But in France and England, the government has shown itself to be a very poor operator of utilities. No thanks, Scraggily, we don't need a chauffeur with your rep.

**Dates For Sailings**  
**To Rome for Holy**  
**Year Pilgrimages**

Holy Year Pilgrimages to Rome, under the personal leadership of Prelates of the Archdiocese, were announced last night by His Eminence, Samuel Cardinal Stritch, Archbishop of Chicago.

The initial official Chicago Archdiocesan Holy Year Pilgrimage, under the personal leadership of Rt. Rev. Msgr. Edward M. Burke, Chancellor of the Archdiocese of Chicago, will sail from New York in the R. M. S. Queen Elizabeth of Cunard White Star Line on April 14, 1950.

His Excellency, Most Rev. William E. Cousins, Auxiliary Bishop of Chicago, will personally lead a second official pilgrimage exclusively for the priests of the Archdiocese, sailing in the R. M. S. Queen Elizabeth of Cunard White Star Line on July 1, 1950.

The third official pilgrimage will sail from New York on September 14, 1950 in the R. M. S. Queen Mary of Cunard White Star Line, under the personal leadership of Rt. Rev. Msgr. George J. Casey, Vicar

General of the Chicago Archdiocese.

Cardinal Stritch also announced that he has appointed American Express-Catholic Travel League of 178 to supervise all travel arrangements North Michigan avenue, Chicago for the three Chicago Archdiocesan Holy Year Pilgrimages. Inquiries and reservations, for all three pilgrimages, are being received by American Express-Catholic Travel League at 178 North Michigan avenue and 101 LaSalle street, Chicago.

Each of the three major mid-west pilgrimages will visit the world-famous Shrine of Our Lady of Lourdes in the French Pyrenees.

While in Rome members of each group will visit the four major basilicas—St. Peter's, St. Paul's Outside-the-Walls, St. John Lateran and St. Mary Major—to pray for the Holy Year Intentions proclaimed by Pope Pius XII, and to gain the Holy Year Indulgence. Audiences with the Holy Father are also planned.

To earn the Holy Year Indulgence the pilgrim must make a good confession, receive Holy Communion and visiting each of the four major Basilicas recite the Creed three times each the "Our Father," the "Hail Mary" and the "Glory Be To The Father" for the intentions of the Supreme Pontiff.

The Holy Year will be the 25th observance of the Jubilee Year since the first Holy Year was proclaimed by Pope Boniface VIII in the year 1300. The Holy Year of 1950 will officially open on Christmas Eve 1949 and will close on Christmas Eve 1950.

The principal intentions for the Holy Year of 1950 as proclaimed by His Holiness Pope Pius XII are:

1. Sanctification of souls through prayer and penance, and unshakable fidelity to Christ and the Church  
2. Action for peace and defense of the Holy places

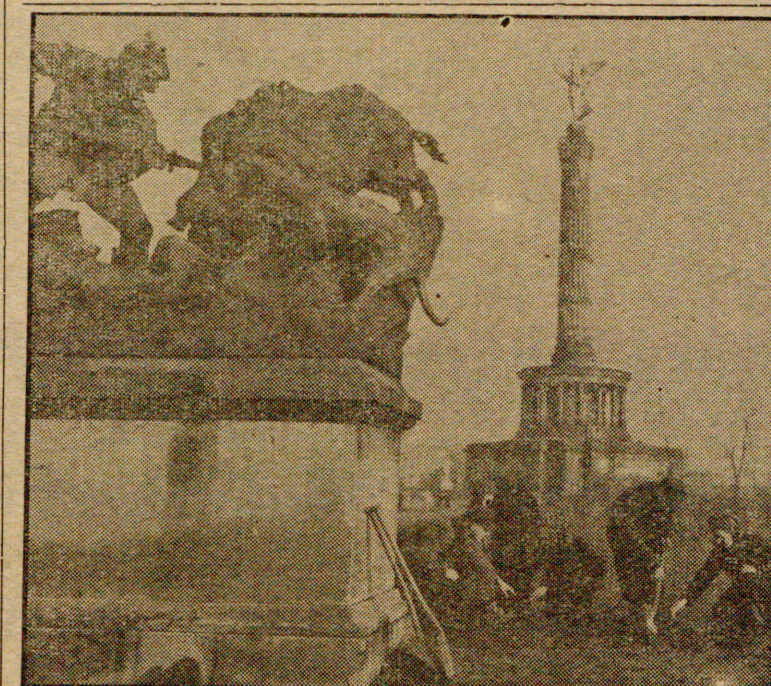

3. Defense of the Church against renewed attacks of her enemies and beseeching of the true faith for those wandering in error, infidels and those without God.  
4. Actual realization of social justice and works of assistance in favor of the humble and needy.

Announcing the three official Chicago Archdiocesan Holy Year Pilgrimages Cardinal Stritch declared he had authorized the organization of the pilgrimages to enable the faithful of the Archdiocese to respond to the summons of the Holy Father, to journey to Rome and visit the tombs of the Apostles and the major Basilicas.

## A Tonic For The Missus

The missus came marching in with a new hat yesterday. She was as happy as a circus poster.

I've learned one thing about the hats she buys. A hat is a tonic to her. If she's feeling blue, nothing gives her a lift like a new hat. Now, I could trade in my old grey fedora without raising my blood pressure a notch. But I'll admit that more than once I've bought a new briar pipe I didn't need—just because life was getting a little bit monotonous.

With Buck Howell it's something else again. When Buck is feeling

low, he gets over it by blowing on a broken-down clarinet he hasn't mastered in twenty years.

From where I sit, different people are always going to respond to different things in different ways. So let's keep a friendly understanding of what other folks get out of a new hat, an old clarinet, a chocolate soda or a temperate glass of sparkling beer or ale now and then.

## Farm Laws Will Be Written Some Day By General Public

A University of Illinois economist today declared that some day farm laws will be written by the

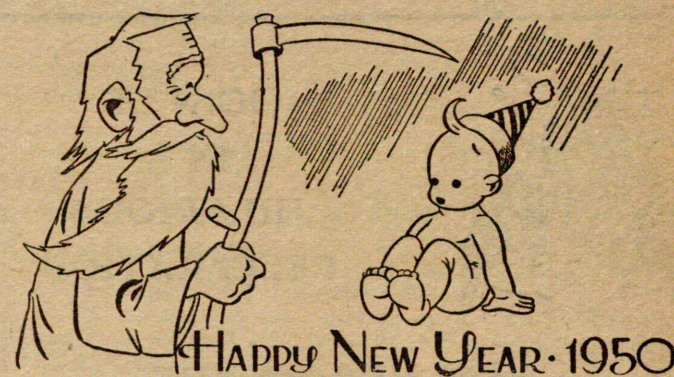

general public and administered for them.

L. H. Simerl, farm policy specialist, says "farmers can put themselves in government harness, but the big non-farm majority will take the reins. Apparently most farmers do not understand this fact or do not care."

One reason why farmers will have less and less influence on farm legislation as the years go by, is because labor unions and other

non-farmers are taking more interest in farm laws. They're showing more interest because of the size of their grocery bill. They're interested in everything that raises or lowers that bill.

A recent USDA report said the typical family of four spent \$1,436 for groceries in 1948. That's 28 per cent of consumer income after paying personal taxes. This year groceries were expected to cost \$1,384 for the average family.

HERE'S A SINCERE HOPE

THAT THIS WILL BE THE BEST YEAR

OF YOUR LIFE.

#### Praying into Tomorrow

Lesson for January 1, 1950

FOR THE BENEFIT of those who may not be familiar with this column, and perhaps of some who are, a little explanation may be helpful. This column is not expected to take the place of Bible study, nor to be a substitute for the quarterlies and other helps which are furnished by the various denominations. All this column can do is to offer some thoughts which the lesson Scripture has suggested to the writer.

Reading this Dr. Foreman column will not make a Bible student out of you; only the direct study of the Scriptures can do that. Forty denominations cooperate in this feature. If it helps the reader, we shall all be glad.

Limitations of space keep this from pretending to be anything like a complete analysis of the lesson. For those are not at all familiar with the Bible, it is hoped that this column may arouse interest so that the reader will go and see for himself what the Bible says.

What are Sunday school lessons for? In the words of the 77-year-old International Sunday School Lesson committee, the "ultimate end sought is the acceptance of the Bible as the very Word of God." Practically, this means Bible study which "will help growing persons (you have not stopped growing, we hope?) increasingly to know its content and to understand its message in the light of their own experiences and relationships."

The writer of these lines shares in this purpose and this hope, and wishes you a Happy New Year!

#### The Early Church

Faced Its World

**FEW PERSONS** in their right minds would want to go back down into their babyhood, yet the first years, indeed the first months, of any one's life are immensely important.

So it is with the Christian church. Few sensible people would want to return to the days of the church's infancy in the first few months and years after Christ's resurrection. And yet that was a vital era. For the Sundays between now and Easter we shall be looking at the early Christian church.

Very early, that is; so early that the name "Christian" was quite new, and even the word "church" was not often used. We shall find that as those untold Christians faced their world, they met with many problems similar to those with which the church of today has to grapple.

How they did it, how they succeeded and how they sometimes failed, is not a mere story of the long-ago, but is valuable as we think about our own times.

#### Praying Into Tomorrow

**THE TEN DAYS** between Jesus' ascension and the great event of Pentecost were among the most fateful in all Christian history. The church, if we can call by that name the little group of a few dozen friends of Jesus who lingered together in Jerusalem, did not profess to read the future. But during those ten days of suspense they did three things; they waited, they prepared, they prayed.

They waited because Jesus had told them to wait . . . wait for power, he said. What the power might be like they did not yet know. No doubt some of them had business of one sort or another back in Galilee; but Jesus said, Wait—and so they waited.

They also prepared, by setting apart a witness to take the place of Judas. And above all, they prayed. Tomorrow for them was darkly uncertain, Jesus had dropped hints about persecution; they were not naturally supermen.

Yet in the midst of vague fears, and facing a tomorrow which was one large question-mark, those early Christians—much less well-informed and "worldly-wise" than we—did the wisest thing they could have done: they spent their time in prayer. A praying church is on the way to power.

So as we begin a new year, the best thing Christians can do is not to make all the noise they can, but quietly to wait in God's presence.

## An Easy Lesson in HARD FACTS—

The chart above demonstrates this plain fact: Net income per acre goes up with conservation farming, down with non-conservation farming. It's as simple as that.

Farmers' Own Story. The chart tells a story, proved over a 10-year period, by carefully-kept farm record books on 366 Illinois farms. From them, come these hard facts to make an easy lesson in soil conservation:

1. The straight line in the chart represents the average net income per acre of 76 of the farms involved, year by year, in a single county.
2. The upper zigzag line shows the progressive increase in net income per acre, on 20 conservation farms in the same county.
3. The lower zigzag line represents the extent to which 20 physically comparable non-conservation farms in the same county fell below the overall average (net income per acre on the 76 farms).
4. Increases in income from conservation practices tend to be small at first—note upper zigzag line from second to sixth year. Later on, they tend to rise abruptly—note upper zigzag line from seventh to tenth year.
5. Meanwhile, in relation to the over-all average net per acre, non-conservation farmers (lower zigzag

line) earn less and less. They do not necessarily lose money, but if they make a profit, they do so by mining their land. Their soil grows progressively less productive.

6. The money-making practices in a complete conservation farm plan are really very simple: Proper land use; testing and treating the soil; crop rotations with ample use of grasses and deep-rooted legumes; and (where needed) proper water management practices, including grass waterways, contour
